Connected, Transparent & Effortless

About Us

Claimz is an Automated Employee Management solution that uses the cloud to enable employees to record, communicate, interact, automatically file, submit, review, approve and track governing processes i.e expense claims, attendance, payroll, report diary etc from their mobile devices and tablets. This integrated system not only makes things really easy for everyone across the organisation, whether employees on travel / in the office, supervisors, HODs, Human Resources, Finance Team or the Management but also speeds up the entire HR operations across the organisation.

Choosing Claimz for your organisation fixes multiple problems, and you will see more productive employees, enhanced process efficiency, additional cost savings and fewer problems.

Why Claimz?

Leveraging Claimz makes employee experience effortless, connected and transparent so that the overall process is easy for Employees, Managers, HR and the entire organisation.
